

## Why Sports Leadership?

"People ask me why I go to tiny Alaska villages to do camps, or why my wife and I housed as many as 35 students at a time for years. I guess it was because I grew up knowing money was scarce. I hurt for kids who cannot attend camp due to a lack of funds. Money should not stop us from helping people find hope, joy and fulfillment in life. I also hurt for middle class kids who never receive scholarships, they deserve to be honored as well. For this reason Sports Leadership was founded. Through donations, scholarships are awarded to youth who seek to be the best they can be.

I am asking you to be a MIRACLE SPONSOR OF ONE MIRACLE CHILD. Just one. The cost is \$100 dollars. The result is a possible changed life."

~ Fred Crowell

## True Miracles Change Lives

*You can't change anyone but as you change others tend to change in reaction to you.*

"NBC changed my life...As a 9 year old I wanted to go home after two days. I called mom. She said, "Roger your dad and I spend \$125 to send you to camp. See you Saturday." I have been to every NBC Camp for the past 34 years! I learned to set high goals, to believe in myself, to trust God for all things, to honor my parents and to love life & people. My parents will tell you today the best investment they made in my life was NBC Camps."

~ Roger Smith, 5th grade teacher, Puyallup, WA. NBC Camps VP

"I said YES to live."

Life had become too difficult for me. I no longer wanted to live. At NBC I was injured. A wise coach knew it was far more than a physical matter. I gave consent to show emails that were very self destructive. Today I love life. I want to be a teacher and be a positive leader. I have chosen to live for Jesus.
